TESTIMONIALS

NGUYEN MINH TRI

"My favorite part of camp is playing basketball during Free Choice, it's always so fun with everyone! The hardest thing for me was morning PT. At first, I really didn't like it. I kept complaining, but after a while, I started to enjoy it and felt way more energetic every morning. Camp really helped me push my limits and become more disciplined and I still had the best time ever!"

NGUYEN PHUC VAN ANH

"We explored a lot of caves, and I thought it was really cool! I used to be scared of heights, so when we climbed to the top of the mountain, I was super nervous but I overcame my fear, and it felt so refreshing and rewarding. At first, it was hard for me to connect with everyone, but after becoming a squad leader, I built such a strong bond with my teammates. Camp really helped me step out of my comfort zone and grow so much."
