## 4.8 Zodiacs Bet.

This is a great feature based on the beautiful story about 12 Zodiac animals. The Players need to connect the metamask wallet and choose the deposit feature on the web game to load \$ZDC tokens from the wallet into the game account.

The screenshot displays the 'Zodiacs Bet' game interface. The main screen shows a cartoon mouse character driving a yellow and orange off-road vehicle labeled 'NOVO CAR'. Below the car, there are five smaller icons of different vehicles and characters. To the right, a table lists 12 zodiac animals with their corresponding bet amounts and a 'Complete' button. The table is divided into two columns: 'HISTORY' and 'HISTORY 1 VS 1'. The 'BET TIMES' are 02:30. At the bottom, a 'LEADERBOARD' section shows a user named 'User 2133' who has won 9999 coins with the car.

## How to play on Zodiacs Bet?

Zodiacs Bet have 2 ways to play with different prizes, anyway Zodiacs Bet feature is very interesting and attractive. The currency to bet is \$ZDC.

The first way is called: Top Bet

You can choose 1 or more zodiac cars to bet. If the cars you bet on first finish, the bet coins will be multiplied from 4 to 20 times depending on the zodiac car and the round. If the car is on second finish, the bet coins will be multiplied 2 times. And if the car is on third finish, the bet coins no change. But If the car is not in top 3, you will be lose your bet coins.

The second way is called: Bet in pairs

Players can bet in pairs, if you guess correctly, you will be the winner. This way allows the players to bet against each other. Let's experience our Zodiacs Bet feature.
