

VINAGRICO VIETNAM
2026 Global B2B Export Catalog

SECURING THE GLOBAL SUPPLY CHAIN WITH PREMIUM VIETNAMESE AGRICULTURE.

Uncompromising Quality. Absolute
Traceability. Guaranteed Stability.

A COMMITMENT TO GLOBAL SUPPLY CHAIN STABILITY

Dear Purchasing Manager,

In an era defined by global supply chain volatility, climate shifts, and stringent international food safety standards, securing a reliable source of premium agricultural products is your greatest operational challenge. At Vinagrico, we do not just export commodities; we export peace of mind.

Vietnam has rapidly ascended as a global hub for high-grade agriculture. Understanding the rigorous demands of international markets—from the EU's MRL regulations to South Korea's Positive List System (PLS)—we have engineered our entire supply chain to eliminate your procurement risks.

From our VietGAP and GlobalGAP certified farms to our custom export-grade packaging, every step is optimized to protect your cargo, your budget, and your brand reputation. We invite you to explore our 2026 portfolio, backed by uncompromising quality and financial stability.

Sincerely,
Mr. Nelson Nguyen
Director of Strategy, Vinagrico Vietnam

THE VINAGRICO ADVANTAGE: MITIGATING BUYER RISK

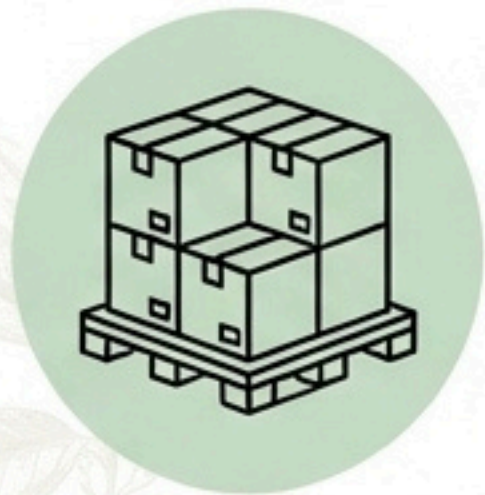

FINANCIAL SECURITY

15-Day Price Lock Guarantee: Navigate volatile agricultural markets with confidence. We provide a firm 15-day price lock on all preliminary quotations, empowering purchasing managers to plan budgets safely without fear of sudden market spikes.

DIRECT SOURCING

Unbroken Traceability: We operate as a direct exporter, cutting out intermediaries to ensure supply stability. Our products are fully traceable from VietGAP/GlobalGAP certified farms directly to your port, ensuring total compliance with global SPS and TBT measures.

PACKAGING OPTIMIZATION

Engineered for Global Logistics: Our standard 15kg/carton specification is mathematically calculated to maximize port handling efficiency, optimize 20ft/40ft container loading, and minimize warehouse footprint.

PREMIUM PROTECTION

"Honoring the Heritage" Crates: To elevate our premium spices and ensure zero physical transit damage, we utilize exclusive, custom-built wooden export crates. This interlocking design guarantees pristine arrival.

PREMIUM SPICES: VIETNAMESE BLACK PEPPER

As the world's leading supplier of black pepper, Vietnam defines global spice standards. **Vinagrigo** offers two distinct tiers to serve both luxury fine-dining segments and large-scale industrial food manufacturing, both exceeding the strictest EU and Korean (MFDS/PLS) safety standards.

NUTS & KERNELS: THE NUTRITIONAL POWERHOUSES

Vietnam is the undisputed global leader in cashew processing. Vinagrigo delivers export-grade kernels that meet the rigorous sustainability and traceability demands of the EU and US markets, alongside high-value regional specialties.

Premium Cashew Kernels

Grades: W320 (Flagship export grade) and W240 (Jumbo premium).

Specs: Pure white, unbroken, meticulously sorted.

Compliance: Fully traceable, sustainably sourced, and processed under ISO 22000/HACCP standards to meet strict EU anti-deforestation and GlobalGAP requirements.

Northwest Walnuts & Macadamia

Profile: Rich, buttery, high-nutrition yields from Vietnam's high-altitude agroforestry systems.

Availability: Scalable volumes for the health-food and vegan dairy-alternative sectors.

FRESH FRUITS: TROPICAL EXCELLENCE

Sourced exclusively from strictly monitored GlobalGAP and VietGAP zones, our fresh fruits are harvested at precise maturity indices to withstand long-haul ocean freight while arriving with optimal shelf-life and brix levels.

Laba Banana

-  **Profile:** Vietnam's most sought-after variety. Exceptionally sweet and aromatic.
-  **Availability:** Year-round from the Mekong Delta.
-  **Logistics:** Expertly packed to prevent ethylene build-up and physical bruising.

Dragon Fruit (Red/White Flesh)

- Profile:** Striking visual appeal with deep, hydrating flavors.
- Safety:** Strictly monitored MRLs to ensure seamless customs clearance in Korea, Japan, and the EU.

Fresh Seedless Lemons

- Profile:** High juice yield, rich Vitamin C, vibrant green skin.
- Durability:** Conditioned specifically for extended transit resilience.

IQF FROZEN PRODUCE: VALUE-ADDED PERFECTION

Mitigate the risks of fresh produce logistics with our Individual Quick Freezing (IQF) portfolio. Processed in state-of-the-art, sterile environments immediately upon harvest, our IQF products lock in peak nutritional value, color, and flavor while guaranteeing year-round supply stability.

Key IQF Offerings

- **Frozen Fruits:** Diced Dragon Fruit, Passion Fruit Cubes, Pineapple Fans, Watermelon Chunks.

- **Frozen Vegetables:** Whole Chili Peppers (Strictly tested to meet Japan/Korea MRL standards, e.g., Isocarbophos < 0.01 ppm).

The IQF Advantage

- **Food Safety:** Rapid freezing halts microbial growth.

- **Format Flexibility:** Custom cuts ready for industrial food manufacturing.

- **Waste Reduction:** 100% usable yield for buyers.
